

Fancy Guinn

May 1, 2004 - December 31, 2020

Fancy came into our lives as a mischievous little furball. She was five pounds of pure love and energy. Fancy loved to swim and took on a child like personality not wanting to get out of the pool. She enjoyed playing ball and found great enjoyment in retrieving plastic bottles. She found people who chewed gum to be annoying but thought cuddling was the best feeling ever. She could often be seen strolling around her neighborhood in her pink stroller and enjoyed the attention from neighbors. She had traveled and vacationed in several areas and always enjoyed sightseeing. Fancy will always be a part of our family and her place in our heart is infinitely sealed.

Fancy is survived by her parents, Randy and Karen Guinn. She is also survived by her furbuddy, Jewels.

We would like to thank Mountain Empire Animal Hospital for their kindness and care of our precious baby. A very special appreciation to Dr. Baird, who managed to give us extra years with our precious baby.

“ Fancy looked like a little fluff of spunk and her personality even showed through in still photos! I'm so sorry for your loss but please know that you will be together again one day snuggling, swimming, playing, and enjoying each others company. Until that day comes, keep the memories alive and know she is doing the same; running and playing at the Rainbow bridge until you are reunited.

“ For such a little body with a little beating heart, Fancy carried inside of her the biggest amount of love and devotion. I think she always had her sights set on the Doggie Olympics Swimming Competition. Everything she did, she did with all her energy and heart. So often I longed to just hold her but it was only those she gave that honor to that had the privilege. Her love and devotion for her soul companion (Karen) kept her giving her all to the very end. They were there for each other at times no one else could be and somehow they were always enough. She knew how important she was and how she was needed. She was definitely one of a kind and a part of her will always live on in everyone who knew her.

“ Fancy aka Francy McGillacutty,
Where do I even begin from the moment I woke up from the dream to come back to the middle of nowhere to get you to your very last nooga you were part of our family. Just a few of my favorite memories: Your little Ronald McDonald toy in your shoe box on the way to your new home. I loved taking you to football games and everyone bragging on how adorable you were. You chasing after me while I swam in your pool that you rarely gave me permission to swim. We took you on so many trips some you weren't even allowed on but we snuck you away to them anyway. You were always Gammie's baby the proof was when you started growling at anyone that came to take you away from Gammie. I knew Gammie would keep you as hers even if they say I wouldn't take you to live with me (you and I both know I was never given the chance!) That one time you had icecream cone stuck in your throat and we woke Randy up take you to the vet. That time you wore your Easter best! You never liked when Gammie left you, it would always take you a couple of days to get over being mad at her for having someone babysit you! You stayed right with Gammie when she was sick and really you were the best medicine for her. I could go on and on with wonderful memories of the past 17 years. You and your tiny dorito grinch paws made a lasting paw print on our family. We will forever miss you and love you forever. Thank you for being the best little furry friend to all of us. Have fun with Buffy, Nikki, Sammy, and Shadow!!

“ Sending prayers for Fancy's family during their time of loss. Losing a fur baby is never easy, and after reading Fancy's obituary, it is obvious that she was loved very much.

“ Every time I saw Fancy she was always so friendly and enjoyed being with her mom and dad.....any one who knew her knows that she was surrounded by love.... I enjoyed hearing of her days spent in her pool..
