

## Viper Smith

June 6, 2008 - September 10, 2019

Viper was a gentle giant. He was larger than the average Doberman and looked very intimidating. But he was so loving and so gentle. He loved sniffing different insects and things on his walks. He stopped for everything, even bird poop had to be sniffed. He loved playing tug of war with his Dad. Loved to wrestle with his Brother, Derek. And adored cuddling with his other Brother, Dylan. He loved car rides, especially when it meant going to PAL's to visit his sissy Brittany and pick up some hotdogs and bacon for him. But his hear was his Mommy. He was Mommy's boy, staying by her side most of the time. He was so kind and loving to his fur siblings. He would chew his rawhide bones in half and give his buddy LULU half. After she passed last year, Viper was heartbroken. He then befriended our new Yorkie, Holly. He would insist on her eating out of his food bowl first. He protected his family for 11 years and did it well. Even though we are heartbroken he's no longer with us, it's comforting to know he's with LULU again. The world is a little darker without his larger than life presence. We love you Viper and we will be together again some day. Viper is survived by his Mommy and Daddy, Carl and Tiffany Smith. His Brothers, Derek and Dylan Smith. And his Sister, Brittany Smith. He is survived by his fur Sisters, Mistletoe and Holly. Several fur Nieces and Nephews Klaus, Mya, Rocky and Frappe also survive.
